

Hands-on Hypnosis™

Training Now Available in Oklahoma

Hands-on Hypnosis, is a synthesis of hypnotherapy and a variety of bodywork modalities designed to help people heal trauma and stress of all kinds. This system has been used to provide relief for people in areas devastated by natural disaster such as tsunami-devastated villages in southern India, Hurricane Katrina victims in New Orleans and seriously ill people in both urban and rural areas of Guatemala. Hands-on Hypnosis has proven to be an outstanding support system for people suffering physical pain, emotional trauma and ongoing distress suffering chronic conditions such as MS, TB, cancer, diabetes, heart disease, fibromyalgia, the birthing process, the impact of medical treatment, family caregivers and people in high stress occupations.

Next Training Class - \$100
February 9, 2008 - 10 a.m. to 4 p.m.
The Teacup
1715 NW 16th
Oklahoma City, OK 73120
Contact Timothy Trujillo: 310-392-9663
Open to health care professionals & lay public

COURSE INCLUDES

History of Hands-on Healing
Spiritual Healing, Mesmerism
Modern Touch Therapies
Science of Bioenergetics
Oriental and Occidental Hypnosis Methods
Energy Induction & Self Treatment
Demonstration and Hands-on Training

Participants will learn a simple yet powerful therapy to reduce pain and distress, invoke rest and sleep, and stimulate healing responses. It is well suited for lay person, beginner, and advanced practitioner. Each participant will give and receive treatment, making this not just a class, but a healing experience.

- First developed to reduce the great suffering of HIV/AIDS victims in California
- Presented at the UN as a Global Solution for HIV/AIDS suffering
- Awarded the Medaille d'Excellence by the International Human Rights Consortium in Geneva, Switzerland
- Used to help reduce trauma for people in seven villages devastated by tsunami in Southern India
- Used to reduce stress for people in New Orleans after Hurricane Katrina
- Provided services and trained medical personnel in Guatemala

Hands-on Hypnosis™ meets the WORLD HEALTH ORGANIZATION'S call for encouraging self-care, use of health care personnel with less formal education and volunteers to help address the growing world crisis in chronic illness.
